Golf Caravans The Maxxi

The Maxxi, designed for the
luxury adventurer.

golfcaravans.com.au

The Maxxi, designed for the luxury traveller.

The Maxxi series is the latest edition to Golf's range of specialist recreational vehicles. Golf have now released the Maxxi, a new frontier in pop-top caravans. It boasts a smart spacious layout with a huge range of features included as standard, making it perfect for any adventure with the creature comforts of home.

Packed with features, the Maxxi is designed for the discerning traveller. This caravan not only looks like the ultimate machine but you can be assured it will live up to expectation. Ideal for the social traveller or growing family, the Maxxi can comfortably sleep six people with many other comforts you have come to expect from the Maxxi series. All of your camping needs have been carefully considered, designed and built into the Maxxi. It is one of the smartest caravans in the market.

The Maxxi has everything you need to have an authentic caravan experience with a touch of luxury. Save time with the smart design allowing easy set-up and pack-down. The spacious layout ensures you stay comfortable while providing enough room for the growing family or plenty of friends with a fold-down double bed with optional luxurious inner spring mattresses at either end of the van, café dinette seating which also drops into a large double bed, and a spacious shower and toilet. Also, the rear bedroom can be folded away when not in use, making the Maxxi unlike any other van in its class.

The Maxxi features alloy wheels, and a hot dipped galvanised chassis guaranteeing strength and durability; both have been specifically designed for Australian conditions. The smooth panel construction provides superior strength without the weight, so you have a lighter vehicle and better fuel economy when travelling on the open road.

With increased strength and road clearance, your Avan will take you far and wide, meaning more sights, more adventure.

Travel with confidence as you get out and see more of the true beauty that this country offers, all while enjoying all the typical luxuries of an Avan.

The Adventure Pack adds toughness to your caravan. But remember, certain conditions will not be suitable for caravan towing. If unsure, leave the van back at base and take the 4WD alone. The Adventure Pack is available across the whole range of Poptops and Hardtops.

The Maxxi offers a three-way fridge, gas stove and gas/ electric hot water service, to the rear bumper with a spare wheel, all of your outdoor living needs have been catered for. Enjoy our expansive country with the perfect caravan for the job - the Maxxi.
