with the Kauri Series Motorhome.

Kauri Motorhome

Kauri

Embark on unforgettable journeys with the Willow RV Kauri motorhome, the latest addition to Willow RV's legacy of quality and innovation. Designed for the discerning traveller, the Kauri offers a seamless blend of luxurious comfort, robust construction, and thoughtful design, making it the perfect companion for exploring Australia's diverse landscapes. Built on a reliable chassis and featuring a range of layouts to suit your needs, the Kauri is more than just a motorhome – it's your home away from home, ready to take you wherever your wanderlust leads.

Luxurious Space

Enjoy premium comfort on the road.

Built to Last

Durable for Australian adventures.

Go Anywhere

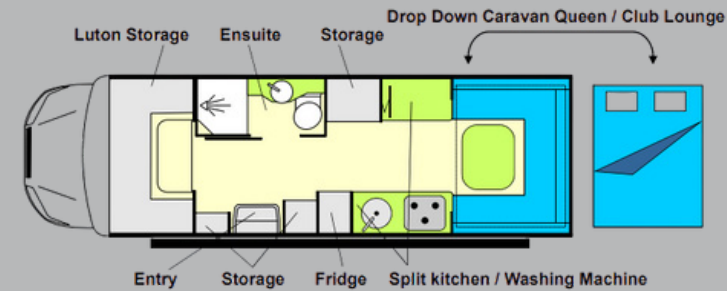

Reliable off-grid independence.

Smart Design

Functional layouts for easy living.

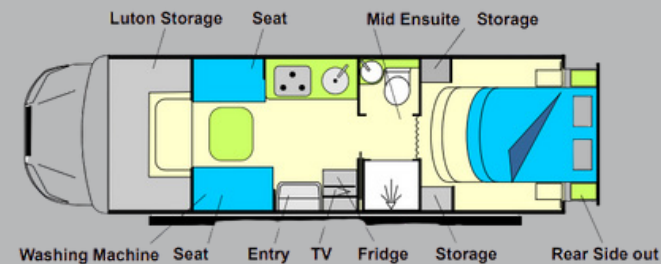

Kauri - 2501

Features a convenient rear drop-down bed, a spacious rear club lounge for relaxing and entertaining, and a central galley for easy meal preparation.

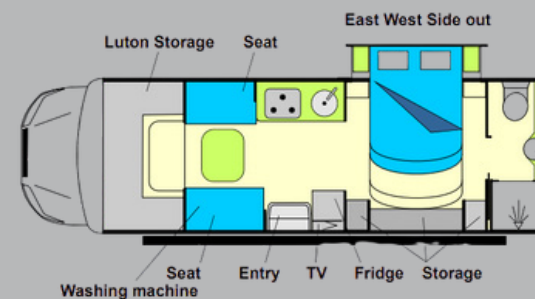

Kauri - 2502

Offers a comfortable north-south facing queen bed in a rear slide-out, maximizing living space alongside a central bathroom and galley.

Kauri - 2504

Provides a convenient front drop-down bed, a central galley for cooking, and a private rear ensuite for added comfort and convenience.

Kauri Motorhome

Willow RV Warranty

At Willow RV, we know that confidence in the ability of your RV is paramount to the success and enjoyment of your travels.

Willow RV offers a 3-year structural warranty on all components manufactured by Willow RV. Bought-in fitted components are supported by component suppliers' own warranty terms and conditions.

From the moment you register your brand new Willow, you are covered, so let your journey begin and enjoy the peace of mind that a Willow RV offers.

Iveco Warranty

Enjoy peace of mind with the Willow RV Kauri, built on the reliable Iveco Daily chassis, which comes with a standard 3-year or 250,000-kilometer warranty (whichever comes first) in Australia, with options available to extend this coverage up to 5 years or 300,000 kilometers.
